EDUCATION

University of Oregon

Eugene, OR

Master of Science, Physics, GPA: 3.92

Sep 2020 - Jun 2022

University of Oregon

Eugene, OR

Bachelor of Science, Mathematics and Physics, GPA: 3.83

Sep 2016 - June 2020

Work Experience

Senior Intern

Jun 2022 – Present Hillsboro, OR

• Thermo Fisher Scientific

• Wrote Python scripts to automate milling and imaging procedures on dual-beam scanning electron microscope systems.

- systems.

 Performed image registration on ion beam images using cross-correlation and a TensorFlow convolutional neural
- ♦ Developed Python code to measure optical aberrations in ion beam images using computer vision tools from OpenCV and Skimage.
- ♦ Wrote custom ion column elements in C for ion column simulations using GPT simulation software.

network to detect ~100nm machining tolerances in ion column components.

- Contributed to scientific software (Python) for parallelizing GPT simulations and processing data in a Linux HPC environment.
- ♦ Developed algorithms for regression of sparse simulation data to optimize novel ion column designs, resulting in up to 300% improvement in ion beam performance.
- ♦ Used Python libraries such as NumPy, SciPy, Pandas, Matplotlib, and Seaborn for data analysis, visualization, and presentation to a team of scientists in order to direct critical decisions about experimental design.

Graduate Research Assistant

Sep 2020 - Jun 2022

University of Oregon

Eugene, OR

- Developed theoretical models for organic macromolecules at multiple resolutions using mathematical tools from non-equilibrium statistical mechanics.
- ♦ Validated theoretical models against experimental data using molecular dynamics and Monte Carlo simulation data.
- ♦ Mentored undergraduate and graduate research assistants on projects related to molecular coarse-graining schemes and simulation data analysis
- ♦ Performed and analyzed molecular dynamics simulations using GROMACS and LAMMPS molecular dynamics software on HPC clusters at San Diego Supercomputer Center.
- ♦ Characterized performance and the degree of parallelism of molecular dynamics simulations to determine computational resources requirement on 128 Core/node HPC system.
- ♦ Developed programs in Python and Fortran for data analysis of ~10TB of molecular dynamics simulation data.
- Developed Fortran code to create input data for polymers of arbitrary length for MCCCS Towhee Monte Carlo molecular simulation software
- ♦ Developed novel coarse-grained models of DNA and validated models using custom Python and Fortran code, leading to improved agreement between predicted and simulated correlation statistics over prior models.
- Performed DBSCAN clustering on molecular dynamics simulation data to define regions for Markov Chain Monte Carlo simulation.
- ♦ Validated coarse-grained molecular models against predictions of statistical models such as principal component analysis (PCA) and time-lagged independent component analysis (t-ICA).
- ♦ Developed coarse-grained molecular model using PCA and an Autoencoder neural network to perform non-linear dimensionality reduction on the model parameter space.

TECHNICAL SKILLS

- Programming Languages: Python, Fortran, C++, C, R, MATLAB, Julia, Shell scripting (Unix/macOS), Mathematica
- Frameworks: NumPy, Pandas, SciPy, Scikit-Learn, TensorFlow, OpenCV, PyMC, Matplotlib, Numba, ggplot2
- Software & Tools: Git, Docker, General Particle Tracer (GPT), GROMACS, LAMMPS

THE INFORMATION IN THIS TRANSCRIPT IS CONFIDENTIAL AND SHOULD NOT BE RELEASED WITHOUT THE STUDENT'S WRITTEN CONSENT

Accreditation

The University of Oregon is accredited by the Northwest Commission on Colleges and Universities.

Authenticity

An official University of Oregon transcript is printed on white security paper with a green background and a dark green border. The University seal appears in the center. Facsimiles of the University Registrar's signature and the University seal are printed at the bottom or on the reverse. If the transcript is photocopied, the word "void" will appear across the face. Attempts to alter the transcript using chemical agents will cause the paper to stain brown. A thermochromic ink square appears at the bottom of the page.

Academic records for students attending Fall 1986 and after are printed in portrait format (8½" x 11" vertical). Records prior to Fall 1986 are printed in landscape format (8½" x 11" horizontal). Some records of coursework taken prior to Fall 1986 may have been converted to the portrait format.

Separate transcripts are generated for each level: undergraduate, graduate, law. Students may request a partial transcript to include only a specific level.

In accordance with the recommendations of the American Association of Collegiate Registrars and Admissions Officers, all transcripts provided directly to the student, whether official or unofficial, will be marked "Issued to Student," or have other markings to clearly inform the receiver that the transcript has been personally handled by the student.

Degrees and Credit Awarded by other Institutions

Any information displayed reflecting degrees awarded by, or transfer work accepted from, other institutions should be verified with the original institution for accuracy.

Under the provisions of Public Law 93-380, the information provided in this document is not to be released to others without the written consent of the student. The University of Oregon is an equal opportunity, affirmative action institution committed to cultural diversity.

1		Course Numbering System
	001-099	Remedial courses which carry no credit toward a degree. Exceptions: MATH 095 and first-year foreign languages taken prior to Summer 1982.
	100-299	Lower-division undergraduate credit. H designates Honors College courses.
	300-399	Upper-division undergraduate credit. H designates Honors College courses.
	400-499	Upper-division undergraduate credit H designates Honors College courses. Prior to Fall 1990, courses designated G or M carry graduate credit.
enrolled in the same course when a corresp being offered. Prior to Fall 1990, with designation P, profes		Prior to Fall 1990, with designation P, professional courses suitable for graduate students holding a bachelor's degree in a field other than their
l	600-699	Graduate credit: enrollment limited to graduate students only.
l	700-799	Graduate credit for graduate professional degrees only.
I	C	

Courses numbered 198, 199, 399. 400-410, 500-510, 600-610 and 700-710 may be repeated in successive terms under the same number, with varying credits. M designates multi-listed courses.

Student Classification

Student major and type appear with each term designation for students attending after Summer 1990.

Undergraduate (UG)	Graduate (GR)	Law (LW)	Non-Admit (NU, NG)
Freshman (0-44 credits) Sophomore (45-89 credits) Junior (90-134 credits) Senior (135+ credits) Post Baccalaureate	Post Baccalaureate Pre-Masters Conditional-Masters Masters Post-Masters Conditional Doctoral Doctoral	Unclassified First Year Second Year Third Year Master of Laws	Unclassified Community Education Pre-Baccalaureate
	Post-Doctoral		,

Grading System Grade **Points** Definition 4 Excellent Α В 3 Good С 2 D Inferior performance. Not used Fall 1970-Summer 1977. Law School use effective Fall 1978. 1 F 0 Unsatisfactory performance, no credit awarded. Not used Fall 1970-Summer 1977. Plus or minus 0.30 points, effective Fall 1990; Law School: plus 0.50 points, Fall 1990-Summer 1993. + or Satisfactory: undergraduate work, C- or above; graduate work, B- or above; law work, D- or above. Ν Less than satisfactory performance, no credit awarded: undergraduate work, D+ or lower; graduate work, C+ or lower. Law work calculated as F (0 points) in the GPA. ΑU Audit, no credit awarded. Effective Fall 1990. W Officially withdrawn without penalty. Incomplete; when the quality of work is satisfactory, but some minor yet essential requirement must be completed. No grade reported by the instructor. Recorded by the Registrar. Χ No basis for grade. Recorded by the instructor. Used through Summer 2017.

Credit

Undergraduate and graduate credits are recorded in quarter hours. Effective Fall 1973, Credit on Law-level records is recorded in semester hours. Credit earned at another institution and accepted by the University of Oregon is recorded in quarter hours.

Symbols used on the Transcript

Immediately following the grade:

- * Course offered P/N only. Restriction set by Curriculum Committee or academic department.
- # Following grade of N, course taken P/N. Used Fall 1970-Summer 1977.
- D or E Repetition, or remedial course carrying no credit. Excluded from term and cumulative GPA. +
 - G Repeated course, excluded from cumulative GPA only. Effective Fall 2016. +
 - L Repeated course, included in term and cumulative GPA. Effective Fall 2016. +
 - M Regression, included in term and cumulative GPA. Effective through Summer 2016, also used to indicate repetition. +
 - R Reserved for graduate credit. Effective through Summer 1990.
- + Credit is awarded only once for non-repeatable courses, and is not awarded for regression or coursework taken beyond catalog limitations. GPA exclusions apply only to graded (A-F) courses.

Immediately following the course title:

- >1 Approved for Arts & Letters group. (Undergraduate degree requirement effective Fall 1982.)
- >2 Approved for Social Science group. (Undergraduate degree requirement effective Fall 1982,)
- >3 Approved for Science group. (Undergraduate degree requirement effective Fall 1982.)
- >4 Approved for Science group and Math requirement. (Undergraduate degree requirement effective Fall 1983.)
- >5 Approved for Math requirement. (Undergraduate degree requirement effective Fall 1983.)

Totals

Definitions: Ehrs, Earned hours; GPA-hrs, credits used in GPA calculation; Pts, quality points. Academic Standing is indicated either in the comments section or as a notation following the term totals line.

Grade Point Average

The University of Oregon reinstated the GPA Fall 1990. No GPA is calculated for students last enrolled prior to Fall 1990. The GPA is determined by dividing the total points by total GPA hours. Only UO work is used in calculating the GPA.
